# Jaydeep Swadia

## The Artists

To Jaydeep Swadia, music is the food of life. Driven by inspiration from his spiritual guru, Pramukh Swami Maharaj and his own determination to excel, Jaydeep Swadia started singing at a young age. At the playful age of 14, his voice was recorded in a children's album. He achieved a significant milestone in his 18th year by entering the prestigious "Startrex" competition organized by the Music India Ltd. and McDowells. At the end of the nationwide preliminary rounds, renowned judges chose Jaydeep as the animated star of tomorrow. This led to Music India inviting him to produce an album of Hindi ghazals, "Pehlu", which has given him unique identity with connoisseurs of music, as a versatile singer and composer.

During his visits to USA, UK and Africa he struck a chord with the audience who gave him a standing ovation. In 1988-89 he visited Dubai and Bahrain to raise funds for the devastating drought in Gujarat. In 1991, during the Cultural Festival of India in the US, he caught the attention of foreign cultural ministers. In 1995 he had an exceptionally successful tour of South Africa. Time Audio has recently produced a novel album of geet and ghazals, "Guldasta" in Hindi, sung by Jaydeep by which he has taken a mega step in the field of Hindi light music.

The beauty of a flower is enhanced by the stem and leaves. Accompanying Jaydeep are talented musicians. Sachin Pimpale who has rhythm running in his veins. His brilliant handling of the tabla leaves us in awe of the world of music. It is an exhilarating experience to hear him play.
